

### Quick Reference Guide

1. **Arrive around 8am and stand in 1 of 2 volunteer spots.**
2. **Keep the traffic flowing** by guiding vehicles to pull all the way around the loop and only stopping behind another vehicle. Vehicles should not stop in the middle of the loop, as it will cause congestion!
3. **If pedestrians need to use the crosswalk**, create safe passage by stopping the vehicles.
4. **Children should exit from the passenger side only from their vehicle.** They should exit without your help, which includes closing the vehicle's door.
5. **For forgotten or dropped items, children should not chase after the vehicle.** Instead, the Traffic Safety Volunteer should get the driver's attention and then retrieve the item for the child.
6. **The driver and child should never exit from the driver's side of the vehicle**, because they could potentially be hit by another vehicle trying to pass them
7. **Around 8:25am, Traffic Safety is done!**
